## INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors  
Tara Community Development District 1  
Manatee County, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Tara Community Development District 1, Manatee County, Florida (the "District") as of and for the fiscal year ended September 30, 2006, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2006, and the respective changes in financial position thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 22, 2007, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

February 22, 2007

## **MANAGEMENT'S DISCUSSION AND ANALYSIS**

Our discussion and analysis of Tara Community Development District 1, Manatee County, Florida (the "District") provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2006. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

### **FINANCIAL HIGHLIGHTS**

- The assets of the District exceeded its liabilities at the close of the fiscal year ended September 30, 2006 by \$3,154,936 (net assets) a decrease of \$(36,633) in comparison with the prior year. Of this amount, \$113,314 (unrestricted net assets) may be used to meet the District's ongoing obligations.
- The District's total net assets decreased by \$(36,633); the decrease is attributed to an increase in general government and maintenance expenditures. The key components of the District's net assets and change in net assets are reflected in the table in the following section.
- At September 30, 2006, the District's governmental funds reported combined ending fund balance of \$630,344, an increase of \$126,933 in comparison with the prior year. Of the total fund balance, \$524,652 is reserved for debt service and other items and \$105,692 is unreserved fund balance which is available for spending at the District's discretion.

### **OVERVIEW OF FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as the introduction to the District's financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include the general government (management) and maintenance functions.

#### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

## OVERVIEW OF FINANCIAL STATEMENTS (Continued)

### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District maintains two governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund and debt service funds which are both considered major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of an entity's financial position. In the case of the District, assets exceeded liabilities by \$3,154,936 (net assets) at the close of the fiscal year ended September 30, 2006.

The largest portion of the District's net assets reflects in investment in capital assets (e.g. land, land improvements, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the District's net assets represents resources that are subject to external restrictions on how they may be used. They are funds set aside for debt service under the Bond Indenture. The remaining balance of unrestricted net assets of \$113,314 may be used to meet the District's obligations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Key components of the District's net assets are reflected in the following table:

NET ASSETS		
SEPTEMBER 30,		
	2006	2005
Assets, excluding capital assets	\$ 646,196	\$ 836,556
Capital assets, net of depreciation	5,804,479	6,019,459
Total assets	6,450,675	6,856,015
Liabilities, excluding long-term liabilities	110,739	429,446
Long-term liabilities	3,185,000	3,235,000
Total liabilities	3,295,739	3,664,446
Net Assets		
Invested in capital assets, net of related debt	2,619,479	2,784,459
Restricted for:		
Debt service	422,143	324,433
Unrestricted	113,314	82,677
Total net assets	\$ 3,154,936	\$ 3,191,569

At September 30, 2006 the District is able to report positive balances in all categories of net assets, both for the government as a whole, as well as for its separate governmental activities. The same held true for the prior fiscal year.

The District's net assets decreased by \$(36,633) during the fiscal year ended September 30, 2006. The decrease is largely due to depreciation expense related to the infrastructure capital assets.

Key elements of the change in net assets are reflected in the following table:

FOR THE FISCAL YEAR ENDED SEPTEMBER 30,		
	2006	2005
Revenues:		
Program revenues	\$ 844,986	\$ 1,155,054
General revenues	8,820	1,178
Total revenues	853,806	1,156,232
Expenses:		
General government	189,870	144,530
Maintenance	470,859	420,288
Interest	229,710	248,235
Total expenses	890,439	813,053
Increase in net assets	\$ (36,633)	\$ 343,179

Program revenues comprised primarily of assessments, decreased by \$310,068 during the fiscal year. This was primarily due to prepayment revenue not collected in the current year.

## FINANCIAL ANALYSIS OF GOVERNMENTAL FUNDS

The District uses fund accounting to ensure and demonstrate compliance with finance related legal requirements. The focus of the District's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financial requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

In the table below we have presented the cost of the largest functions/programs as a percentage of total governmental funds.

	2006		2005	
General government	\$ 189,870	26%	\$ 146,182	6%
Maintenance	255,879	35%	205,308	8%
Principal and interest on long term debt	281,124	39%	2,045,985	78%
Capital outlay	-	0%	215,000	8%
	<u>\$ 726,873</u>	<u>100%</u>	<u>\$ 2,612,475</u>	<u>100%</u>

As noted above, principal and interest on debt comprises the majority of expenditures for total governmental activities for both the current and prior year.

## GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors

## CAPITAL ASSETS AND DEBT ADMINISTRATION

### Capital Assets

At September 30, 2006, the District had \$6,664,399 invested in infrastructure improvements and recreational facilities. Depreciation of \$859,920 has been taken, which resulted in a net book value of \$5,804,479. More detailed information about the District's capital assets is presented in the notes of the financial statements.

### Long-Term Debt

At September 30, 2006, the District had \$3,185,000 Bonds outstanding, a decrease of approximately 2% from prior year. No new debt was issued during the year and the District had no immediate need to issue additional debt. More detailed information about the District's long-term debt is presented in the notes of the financial statements.

### Contacting the District's Financial Management

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. If you have questions about this report or need additional financial information, contact the Tara Community Development District 1's Finance Department at 3434 Colwell Avenue, Suite 200, Tampa Florida, 33614.

MANATEE COUNTY, FLORIDA  
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES  
FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2006**

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 126,933
Depreciation on capital assets is not recognized in the governmental fund statement but is reported as an expense in the statement of activities	(214,980)
Repayment of long-term liabilities are reported as expenditures in the governmental fund statement but such repayments reduce liabilities in the statement of net assets and are eliminated in the statement of activities.	50,000
The change in accrued interest from the current period to the prior period impacts the statement of activities while no effect on the governmental funds.	<u>1,414</u>
Change in net assets of governmental activities	<u><u>\$ (36,633)</u></u>

See notes to the financial statements

**TARA COMMUNITY DEVELOPMENT DISTRICT 1  
MANATEE COUNTY, FLORIDA  
NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

Tara Community Development District 1 ("District") was created on December 14, 1999, pursuant to the Uniform Community Development District 1 Act of 1980, otherwise known as Chapter 190, Florida Statutes, by Manatee County Ordinance 99-58. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board"), which is composed of five members. The Supervisors are elected by the owners of the property within the District. Three of the Board members are affiliated with the Developer "Tara-Manatee, Inc." The Board of Supervisors of the District exercise all powers granted to the District pursuant to Chapter 190, Florida Statutes.

The Board has the final responsibility for:

1. Assessing and levying maintenance taxes and special assessments.
2. Approving budgets.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. Financing improvements.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement 14, and Statement 39, an amendment of GASB Statement 14. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

**Government-Wide and Fund Financial Statements**

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment; 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and 3) operating-type special assessments that are treated as charges for services (including assessments for maintenance and debt service). Other items not included among program revenues are reported instead as *general revenues*.

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

### **Assessments**

Assessments are non-ad valorem assessments on all platted lots within the District. Assessments are levied each November 1 on property as of the previous January 1 to pay for the operations and maintenance of the District. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. For debt service assessments, amounts collected as advance payments are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments.

Assessments and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

### **General Fund**

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

### **Debt Service Fund**

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on long-term debt.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Assets, Liabilities and Net Assets or Equity**

**Deposits and Investments**

The District's cash and cash equivalents are considered to be cash on hand and demand deposits.

The District has adopted a written investment policy, which complies with the requirements of Section 218.415 Florida Statutes. All investments comply with the requirements of the written investment policy. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.
- e) Short term Bond Funds

Investments in the Local Government Surplus Funds Trust Fund, a 2a-7 like pool, are carried at amortized cost, which approximates fair value. A "2a-7 like pool" is an external investment pool that is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2-a7 of the Investment Company Act of 1940, which comprises the rules governing money market funds. Thus, the pool operates essentially as a money market fund. The reported value of the pool is the same as the fair value of the pool shares.

In addition, surplus funds may be deposited into certificates of deposit which are insured. Any unspent proceeds are required to be held in investments allowed in the Bond indenture.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

**Capital Assets**

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the government activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Infrastructure Improvements	25-30

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

## **NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

### **Assets, Liabilities and Net Assets or Equity**

#### **Long-Term Obligations**

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of premiums or discounts.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **Fund Equity/Net Assets**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

Net assets in the government-wide statements are categorized as invested in capital assets, net of related debt, restricted or unrestricted. Invested in capital assets, net of related debt represents net assets related to infrastructure and property, plant and equipment, net of any related debt. Restricted net assets represent the assets restricted by the District's bond covenants.

### **Other Disclosures**

#### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

## **NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

### **Budgetary Information**

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain taxpayer comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

### NOTE 3- CASH AND INVESTMENTS

#### Cash

The District's cash balances were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

### NOTE 3- CASH AND INVESTMENTS

#### Investments

The District's investments were held as follows at September 30, 2006:

<u>Investment</u>	<u>Fair Value</u>	<u>Credit Risk</u>	<u>Maturity</u>
Money Market Funds	\$ 236,488	S&P AAAm	Average of the fund portfolio: 23 days
Morgan Stanley Instl Liquidity Gov't	151,673	Not available	Average of the fund portfolio: 24 days
Local Government Surplus Trust Fund	76,336	First Tier	Average of the fund portfolio: 90 days
Federal Home Loan Bank	49,469	Not applicable	January 16, 2007
Total Investments	<u>\$ 513,966</u>		

*Custodial risk* – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The money market mutual funds and local government surplus trust fund investments are not evidenced by securities that exist in physical or book entry form. The U. S. Treasury investment is held by the trustee or agent but not in the District's name.

*Concentration risk* – The District places no limit on the amount the District may invest in any one issuer.

*Interest rate risk* – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

Except for the Local Government Surplus Trust Fund, the investments above are held by the debt service fund for unspent bond proceeds. The Bond Indenture limits the type of investments held using unspent bond proceeds.

**NOTE 4 – CAPITAL ASSETS**

Capital asset activity for the fiscal year ended September 30, 2006 was as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
<u>Governmental activities</u>				
Capital assets, not being depreciated				
Land	\$ 215,000	\$ -		\$ 215,000
Capital assets, being depreciated				
Infrastructure improvements	5,851,187	-		5,851,187
Recreational facilities	598,212			598,212
Total capital assets, being depreciated	6,449,399	-	-	6,449,399
Less accumulated depreciation for:				
Infrastructure improvements	585,119	195,040	-	780,159
Recreational facilities	59,821	19,940	-	79,761
Total accumulated depreciation	644,940	214,980	-	859,920
Governmental activities capital assets, net	\$ 6,019,459	\$ (214,980)	\$ -	\$ 5,804,479

During fiscal year ended September 30, 2005, the Developer contributed land with a fair market value of \$215,000; this was recorded as Developer contributions in the general fund.

**NOTE 5 - LONG TERM LIABILITIES**

On August 3, 2000, the District issued \$13,255,000 of Special Assessment Bonds, Series 2000 consisting of \$3,460,000 Term Bonds Series 2000A due on May 1, 2031 with a fixed interest rate of 7.15%, and \$9,795,000 Term Bonds Series 2000B due on May 1, 2010 with a fixed interest rate of 6.75%. The Bonds were issued to finance the acquisition and construction of certain improvements for the benefit of the District. Interest is to be paid semiannually on each May 1 and November 1. Principal on the 2000A Bonds is to be paid serially commencing May 1, 2002 through May 1, 2031. The 2000B Bonds were paid off during fiscal year ended September 30, 2005.

The Series 2000B Bonds are not subject to redemption at the option of the District prior to their maturity. The Series 2000A Bonds may, at the option of the District, be called for redemption as a whole or in part on any interest payment date on or after May 1, 2010 at a redemption price set in the Bond Indenture.

The Series 2000A Bonds and Series 2000B Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar, if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture requires that the District maintain adequate funds in a reserve account to meet the debt service reserve requirement as defined in the Indenture. The requirement has been met at September 30, 2006.

The Bond Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service. The District is in compliance with the requirements of the Bond Indenture.

**NOTE 5 - LONG TERM LIABILITIES (Continued)**

Changes in long-term liability activity for the fiscal year ended September 30, 2006 were as follows:

<u>Governmental activities</u>	<u>Beginning Balance</u>	<u>Additions</u>	<u>Reductions</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Bonds payable:					
Series 2000	\$ 3,235,000	\$ -	\$ 50,000	\$ 3,185,000	\$ 50,000
Governmental activity long-term liabilities	<u>\$ 3,235,000</u>	<u>\$ -</u>	<u>\$ 50,000</u>	<u>\$ 3,185,000</u>	<u>\$ 50,000</u>

At September 30, 2006, the scheduled debt service requirements on the long - term debt were as follows:

Year ending September 30:	<u>Governmental Activities</u>	
	<u>Principal</u>	<u>Interest</u>
2007	\$ 50,000	\$ 227,728
2008	50,000	224,153
2009	55,000	220,578
2010	60,000	216,645
2011	65,000	212,355
2012 - 2016	405,000	984,913
2017 - 2021	575,000	817,245
2022 - 2026	825,000	578,793
2027 - 2031	1,100,000	235,950
	<u>\$ 3,185,000</u>	<u>\$ 3,718,360</u>

**NOTE 6 – RELATED PARTY TRANSACTIONS**

Developer revenue during the fiscal year ended September 30, 2006 was \$78,577, of which all was due to the District as of September 30, 2006.

**NOTE 7 - MANAGEMENT COMPANY**

The District has contracted with a management company to perform management advisory services, which include financial and accounting advisory services. Certain employees of the management company also serve as officers (Board appointed non-voting positions) of the District. Under the agreement, the District compensates the management company for management, accounting, financial reporting, and other administrative costs.

**NOTE 8 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

See notes to required supplementary information

**TARA COMMUNITY DEVELOPMENT DISTRICT 1  
MANATEE COUNTY, FLORIDA  
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the General Fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed the budget is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT  
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors  
Tara Community Development District 1  
Manatee County, Florida

We have audited the financial statements of the governmental activities and each major fund of Tara Community Development District 1, Manatee County, Florida ("District") as of and for the fiscal year ended September 30, 2006, which collectively comprise the District's basic financial statements and have issued our report thereon dated February 22, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Tara Community Development District 1's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tara Community Development District 1's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the management, Board of Supervisors of Tara Community Development District 1, Manatee County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

February 22, 2007

**MANAGEMENT LETTER PURSUANT TO THE RULES OF  
THE AUDITOR GENERAL FOR THE STATE OF FLORIDA**

To the Board of Supervisors  
Tara Community Development District 1  
Manatee County, Florida

We have audited the accompanying basic financial statements of Tara Community Development District 1 ("District") as of and for the fiscal year ended September 30, 2006, and have issued our report thereon dated February 22, 2007.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In addition, we have issued our Report on Internal Control over Financial Reporting and Compliance and Other Matters dated February 22, 2007. Disclosures in that report should be considered in conjunction with this management letter.

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General for the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. Current year findings and recommendations.**
- II. Status of prior year findings and recommendations.**
- III. Compliance with the Provisions of the Auditor General of the State of Florida.**

This report is intended for the information of the management, Board of Supervisors of Tara Community Development District 1, Manatee County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Tara Community Development District 1, Manatee County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements and the courtesies extended to us.

February 22, 2007

## **REPORT TO MANAGEMENT**

### **I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS**

None

### **II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS**

None

### **III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

1. Unless otherwise required to be reported in the auditor's report on compliance and on internal controls, the management letter shall include, but not be limited to a statement as to whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial audit report. There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2005.
2. The District complied with Section 218.415, Florida Statutes, regarding the investment of public funds.
3. There were no violations of laws, rules, regulations, and contractual provisions or abuse, that were not clearly inconsequential, that have occurred, or were likely to have occurred, that were discovered within the scope of the audit.
4. There were no illegal or improper expenditures that were not clearly inconsequential, discovered within the scope of the audit that may not materially affect the financial statements.
5. There were no deficiencies in internal control that are not reportable conditions, including but not limited to, improper or inadequate accounting procedures, failure to properly record financial transactions or other inaccuracies, shortages, defalcations, or instances of fraud discovered by, or that came to the attention of, the auditor.
6. The name and legal authority for the District are disclosed in the notes to the financial statements.
7. The District has not met one or more of the conditions described in Section 218.503(1), Florida Statutes.
8. The financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes agrees with the September 30, 2006 financial audit report.
9. We applied financial condition assessment procedures pursuant to Rule 10.556 (7) and no deteriorating financial conditions were noted. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
